## Level of Care

The majority of the states facilities are licensed for the elderly and disabled, at **Category 1- Level of Care** (residents must be able to leave their bedroom area in 4 minutes or less with no assistance in case of fire or emergency). There are facilities that are also licensed to care for residents with **Category 2 - Level of Care** (residents must be able to leave their bedroom area in 4 minutes or less with assistance in case of fire or emergency). These residents may have Alzheimer's disease and other

types of dementia, chronic illness, mental illness and mental retardation.

## Adult Group Care/Residential Group Care/Assisted Living

Adult Group Care, Residential Facilities for Groups (RFG) or Assisted Living (AL) is a residential alternative that promotes maximum independence through a combination of supportive services and assistance. Services and costs vary depending on the facility, which may also vary in size, style, and optional services. Small family style living or larger complex units may be co-located or affiliated with a hospital or nursing facil-

ity. An RFG/AL facility is required to provide assistance with daily living activities (ADLs), which include eating, bathing, dressing, and personal hygiene; three meals a day; supervision of self-administration of medications; laundry service including personalized laundry; housekeeping and 24 hour staffing.

Group Care facilities represent the largest number of health care facilities licensed by the Nevada Bureau of Health Care Quality and Compliance. The bureau licenses RFG's statewide ranging in size from three to 150 beds, some licensed for additional endorsements. The bureau also regulates smaller
